# University of Houston, College of Medicine

At UH College of Medicine, our focus is on preventing and improving poor health — not simply treating it. Students will receive the highest quality medical training to provide comprehensive health care. By teaching students to address key factors that affect their patients' health — such as food insecurity, the environment and housing — we can help eliminate health disparities in our urban and rural areas.

# Science and Engineering Fair of Houston - The Legacy Award

The Legacy Award celebrates 12th grade students' STEM research who have participated in the Science and Engineering Fair of Houston for the past four, five and six years. Students' perseverance, passion, and resilience to engage in the scientific process is exceptional as they had to overcome many challenges to attain this accomplishment. The Legacy Award honors students as a distinguished role model for their peers and true innovator in the field of science and engineering.

### Science and Engineering Fair of Houston - Science Fair Scholars

The Science Fair Scholars Club Award celebrates the promotion of STEM careers scientific research among middle & high school students. Students are encouraged to develop their own science & engineering club at their school to gain leadership skills, engage in a peer network, conduct community outreach activities, & build science & engineering skillsets within their studies of STEM. Students intereested in establishing a Science Fair Scholars club are to contact SEFH for further details.
